## THE LENOVO® THINKCENTRE® M81 DESKTOP

**FASTER. SMARTER. GREENER.**

FASTER PERFORMANCE WITH  
2<sup>ND</sup> GENERATION INTEL® CORE™  
PROCESSORS

SUPERIOR PLATFORM STABILITY  
WITH INTEL® STABLE IMAGE  
PLATFORM PROGRAM (SIPP)

BETTER MAINTENANCE WITH  
STANDARD MANAGEABILITY

IMPROVED PRODUCTIVITY WITH  
QUAD INDEPENDENT DISPLAY  
SUPPORT

REDUCED ENVIRONMENTAL IMPACT  
WITH ENERGY STAR® 5.21, EPEAT®  
GOLD1 AND GREENGUARD®  
CERTIFICATIONS

The 2<sup>nd</sup> generation Intel® Core™ i7 Processor.  
Visibly Smart Performance at its best.

For professionals who need speed, stability and manageability with environmentally-friendly computing, Lenovo introduces the ThinkCentre M81. Equipped with 2<sup>nd</sup> generation Intel® Core™ processor technology, the ThinkCentre M81 offers up to 20% CPU performance gains. Intel® Turbo Boost technology 2.0<sup>2</sup> dynamically alters CPU speed to give you more power when needed. Integrated Intel® HD Graphics delivers extraordinary graphics that are up to two times faster. For visually-intensive applications, the ThinkCentre M81 supports the use of Quad Independent Display via discrete graphic cards through options. Improve productivity by projecting different application screens on up to four separate displays.

Usability has been improved on the ThinkCentre M81. Lenovo RapidBoot technology allows the ThinkCentre M81 to start in less than 24 seconds. Boot up is made even faster with Lenovo RapidDrive SSD technology<sup>1</sup>, which also improves application performance. Superior security is another of the many advantages of the ThinkCentre M81. The Hardware Password Manager, Trusted Platform Module 1.2<sup>3</sup> and individual USB enable/disable keeps your system and your data safe.

In addition, the ThinkCentre M81 is a highly eco-friendly desktop. The 90% efficient power supply<sup>4</sup> and Lenovo Power Manager help maximize power usage of the desktop. This is complemented by adherence to international standards, including Energy Star® 5.2<sup>1</sup>, EPEAT® Gold<sup>1</sup>, GREENGUARD®, Climate Savers® and up to 42% post-consumer content. Offering stability, manageability, security and faster processing technology, the Lenovo ThinkCentre M81 is engineered to deliver superior computing to enterprise users.

**2.0**

### LENOVO ENHANCED EXPERIENCE 2.0 FOR WINDOWS® 7. FASTER AND OPTIMIZED FOR BUSINESS.

Lenovo Enhanced Experience 2.0 for Windows® 7 uses RapidBoot technology to start your PC on average 20 seconds faster than a typical Windows® 7 computer\*. And with superior web conferencing and robust security features, you'll benefit from increased productivity at the office. Find out more at [www.lenovo.com/win7ee](http://www.lenovo.com/win7ee)

\*Compares averaged data from Lenovo EE 2.0 PCs with averaged data from 42 competitor products of similar configuration. Testing conducted by CNET Labs, Beijing in November 2010, using the independent Microsoft VTS tool to measure start-up, shutdown, resume and other Windows® 7 performance measurements. Data from competitor and Lenovo PCs were averaged and compared to calculate the claims used. Performance will vary by model and configuration.

Lenovo® recommends Windows® 7 Professional.

### QUALITY HARDWARE FOR EXCEPTIONAL PERFORMANCE

The Lenovo® ThinkCentre® M81 delivers superior performance with:

- 2<sup>nd</sup> generation Intel® Core™ processors with Turbo Boost Technology 2.0<sup>2</sup>
- Quad Independent Display for efficient multitasking
- HDDs with SATA III support, twice as fast as SATA II
- USB 3.0<sup>5</sup> support, ten times faster than USB 2.0

### IMPROVING WORKPLACE PRODUCTIVITY

The ThinkCentre M81 comes with several features that improve workplace productivity, such as:

- VGA and DisplayPort™ (DP) onboard for dual independent display
- ATI Radeon™ discrete graphics for Quad Independent Display support
- Lenovo Enhanced Experience 2.0 for faster boot up within 24 sec

### ENERGY EFFICIENT AND GREEN

The ThinkCentre M81 has been designed to be a highly environmentally-friendly desktop with:

- A power supply unit with an efficiency of 90%<sup>4</sup>
- 56% improved power consumption from the ThinkCentre M58
- The latest version of Lenovo Power Manager for effective power utilization
- Compliance with international standards like Energy Star® 5.21, EPEAT® Gold<sup>1</sup>, GREENGUARD® and Climate Savers®
- Incorporates up to 42% recycled post-consumer content (PCC)

### TECHNOLOGY OPTIMIZED FOR BUSINESS BENEFITS

The ThinkCentre M81 offers significant advantages for enterprises, including, speed, security and advanced communications.

This includes:

- Lenovo RapidBoot technology, for boot times less than 24 seconds
- Lenovo RapidDrive SSD technology<sup>1</sup>, for a further reduction in boot time and better application performance
- Superior security, with Hardware Password Manager and TPM 1.2<sup>3</sup>
- Intel® Stable Image Platform Program (SIPP), for high platform stability

### SERVICE OFFERINGS

#### THINKPLUS® SUPPORT

- All Lenovo ThinkCentre customers receive Lenovo's award-winning base warranty service and support. Increase employee uptime and protect your investment longer by upgrading your warranty support to a higher service level and/or extending the base warranty for as long as you plan to own your Lenovo ThinkCentre.

#### HARD DISK DRIVE RETENTION (HDDR)

- Lenovo knows that securing business data is vital to any organization's success. Whether your customers work with sensitive data or not, ensure business data remains in their hands with Lenovo HDDR Service. Under the terms of the Lenovo Limited Warranty, when Lenovo replaces a defective part, that part becomes the property of Lenovo. If a hard disk drive fails, and it is still covered under warranty, HDDR allows a customer to keep their old drive and retain their data. This ensures customers are in compliance with data privacy and retention requirements and lets them mitigate the potential for civil liability risks.
